Masterball Cyprus Padel Tour

RULES & GUIDELINES | RANKING UPDATE | 22 OCTOBER 2026

Competitive padel, a transparent ranking system and a connected community across Cyprus.

1. Ranking calculation

Each player's ranking is the sum of their **six highest scores from the last seven completed scoring tournaments**. A missed tournament contributes zero. The lowest of the seven scores is excluded. Rankings are maintained separately for men and women.

Only completed, scored tournaments enter the calculation. As at this edition, the upcoming 26th tournament is not included.

2. One score per tournament

When a player enters multiple categories at one tournament, only the result awarding the highest number of points counts. Points from different categories at the same event are not added together.

3. Category D

Category D awards **zero ranking points**. A Category D title still counts as a tournament win, but does not increase ranking points.

4. Categories and equal rankings

The current scoring schedule covers Masters, A, B, Mixed, Women A, C and Women B. Category D is non-scoring. Eligibility and available draws are confirmed for each event. Players on equal points share a rank, with subsequent ranks reflecting all players above them: for example 1, 2, 2, 4.

5. Historical results

Masters is recorded as a separate category from Masterball 21. Earlier tournaments retain the points awarded under the rules in force at the time; the current table is not applied retroactively. The 2023 carry-over adjustment in the January 2024 handbook is historical and is not part of the current rolling calculation.

Example: Oscar Guiral Mallart has 0, 240, 600, 600, 400, 600 and 600 across the current seven-event window. Excluding 0 gives 3,040 points.

Current points schedule

Points are awarded per player. Use the column for the event's draw size. A dash indicates that the workbook does not list an award for that result and draw size.

Registration & match day

Eligibility and registration

Participation is open to all, subject to category requirements and organiser approval. Registration closes 10-15 days before the tournament; the exact closing date is announced for each event.

Final registration and payment must be completed no later than 24 hours before the announcement of the tournament participants. Follow the event announcements and Playtomic notifications for registration, the draw and order of play.

Match times

Requests for specific match times are not accepted. Players must follow the published order of play.

Draw format and wild cards

The format depends on the host club's available courts and days. Standard draws contain 8, 16 or 32 teams. Wild cards may admit promising teams, players returning from injury or teams tied on points. The limits are 2 wild cards in an 8-team draw, 4 in a 16-team draw and 6 in a 32-team draw.

Seeding and category placement

Seeding is based on the sum of the two players' points. One team from each seeding pot is placed in each group.

Category A players may also compete in Masters with the same partner, or with a different partner of a higher playing level. Only their highest category score from that tournament counts towards the ranking. Any other sporting request requires approval from the tournament director or organiser.

Match scoring and group ties

Group matches: one set to 8 games; at 7-7, play to 9; at 8-8, a tie-break to 7 points. Quarter-finals, semi-finals and finals: best of three sets, with a match tie-break to 10 points instead of a final set.

For a two-team tie in a group, the handbook uses head-to-head games. For a three-team tie, it uses the ratio of games won to games lost. Change sides after odd-numbered games and every six points in a tie-break.

Conduct & practical guidance

Withdrawals and refunds

A refund is available only if a replacement is found before the draw. No refunds are permitted after the draw.

Self-refereeing and organiser approval

Matches are self-refereed. Any other sporting request requires approval from the tournament director or organiser.

Conduct and no-shows

A no-show without prior notification results in automatic withdrawal. No points are awarded for a no-show, withdrawal after the tournament starts, unsportsmanlike behaviour or cheating. Unsportsmanlike conduct includes aggression, inappropriate language or disrespect towards opponents or the organiser. Cheating includes deliberately altering scores, tampering with equipment or knowingly breaking rules for an unfair advantage.

Health and safety

Use changeovers for hydration. The existing warm-up allowance is five minutes for group matches and ten minutes for knockout matches. An unexpected injury allows a five-minute break. All players must wear the racket wrist strap.

Acknowledgment of risk - retained text

Players acknowledge that padel is a physical sport which may involve risks of injury. By participating, all players accept these risks and agree to participate at their own risk, thereby releasing the tournament organizers from any liability for injury or harm.

Weather and personal belongings

In bad weather, the tournament will be rescheduled. Hosts are not responsible for lost personal items. Contact the event organiser or the host padel club for lost-property assistance.
